Re: ICE Agents in Courthouse

Please be advised that under no circumstances should Court Officers interfere in the administration of duties of any law enforcement agency in and around New York State Courthouses. This includes officers from the United States Immigration and Customs Enforcement (ICE). We have a long standing cooperation with fellow law enforcement officers from around New York City and the nation and that shall continue. Any assistance rendered to law enforcement officers on or off duty should be reported immediately to the Union's Executive Board, as should be the efforts of any individual in the contrary.

Please continue to execute your duties in the excellent and professional manner in which you do on a daily basis. Our community depends on mutual support and respect and we will continue to offer that to our brethren with allied effort. As always, you have complete support from the union on this and all other issues. Above all, stay safe brothers and sisters.
