

**What other options are available for transmitting signed documents between the courthouse and remote facility?
(Other responses)**

automated MIS

Hopefully, scanning and email in the future. Working towards that.

In Court Deputy and Clerk

In-house program to sign electronically

Network and remote printing

NOTE: magistrates transmitt signed documents

post appellate documents to secure website for judicial appellate panel review and action

regular mail (2)

Sharepoint Automation

us mail

We do not use for defendants, defendants appear in person
