

**What unit of government provides support and maintenance for the video conferencing system in your court or state?
(Other responses)**

a guy from WSU

Administration

all of the above

ALL-it is a major collaboration

AOC

both state and local

Child Support

contracted services

For Circuit Courts is either local Court IT or County IT

if had it, would be our IT dept.

Local court IT staff and state judicial IT staff

Local court IT staff, local court administrative staff, and state judicial IT staff

Local IT and State judicial IT

Maintenance was handled through a maintenance agreement with our vendor. Day to day maintenance was handled by myself with help from our county IT department

SAIC

Sheriff Office Tech plus Court Tech staff

Split between Court and County IT staff

Staff in the Jail

State Court Support Staff

State IT staff

State judicial IT staff and appellate court IT staff

State Office of Enterprise Technology maintains the network; Courts maintain the equipment

state public defender's office IT staff

State staff, both functional and IT and local staff

vendor

We have not had expenses
