

Warrant Error Correction Quick Reference Card JNET Portal: www.jnetportal.state.pa.us Internet Site: www.jnet.pa.gov

From the PSP CLEAN menu, click on **Warrant Error Correction** to launch the application. On the Warrant Error Correct Summary page, enter your agency's Primary PSP ORI and click **Submit**.

Upon clicking submit, you will see a list of rejected wanted person records for your agency. To open the record and fix the error(s), click on the Warrant Number.

The wanted person entry information is displayed, along with a Rejection message. Click the **Edit** button in the upper left corner to enable the record for editing.

All errors are highlighted in YELLOW. You may need to scroll down to see them. Pack the record with additional information or correct the existing data and click Submit.

The system will update the status of the record and take you back to the Summary page. The primary ORI will receive a CLEAN message regarding this update.
