The figures presented use the C2ER Cost-of-Living Index. The Council for Community and Economic Research-C2ER is the most widely accepted U.S. source for cost-of-living indices, with nearly 400 reporting jurisdictions across America. C2ER does not provide cost of living index for U.S. Territories. Due to the rounding of C2ER factors to the nearest hundredth for publication purposes, user calculations of our adjusted salary figures may not equate to the published totals.
