### Summit

## **Priorities for Change**

Efficient and coordinated prevention and service network

Cross-systems care coordination and support for children and parents: pre-filing; after resolution; during and after reunification Training and education across sectors: working with vulnerable children and families and related topics

Programs/processes for cross-sector and collaborative resolution of open DCF cases

Cross-systems coalition/working group focused on supporting children and families Prosocial activities for youth, with opportunities for parent engagement; mentors with lived experience

Safe, stable, supportive, and affordable housing

Workforce issues among youth serving and behavioral health providers

Data system for data collection, analysis, and sharing; including data on race and ethnicity Inclusion and integration of people with lived experience Social isolation among vulnerable children and parents

Familycentered/twogeneration programming Transparency about child welfare practices Support for parents in understanding child development and behavior

Support services and programs for fathers; and other caregivers

## **Priorities for Change**
