Details:
As states around the country begin to consider relaxing restrictions put in place because of the pandemic, courts must begin to develop plans for gradually expanding operations again, as conditions permit. This webinar will focus on a variety of strategies employed by courts, in some cases before the pandemic arrived, that might be applicable to your immediate business needs.

Models to be discussed include:
- Triage in civil and family law cases
- Kiosks to facilitate access to remote proceedings
- ODR as a COVID recovery solution
- Business Recovery pilot courts
