Topics may include testing, state reports, executive director report, emerging issues, and planning for the professional development conferences.

8.4 Three weeks prior to scheduled Regional Group conference calls, the CLAC Liaison(s) to the LAAC responsible for coordination of these calls will post a request for agenda items to the Regional Groups on the CLAC general listserv for the use of the CLAC Liaisons for CLAC communication.

8.5 NCSC will take notes during the Regional Group conference call. If, for some reason, NCSC is unable to do so, CLAC Liaisons will appoint note-takers for the conference calls. Notes or minutes from all conference calls will be circulated on the CLAC general listserv, and approved by the applicable Regional Group.

8.6 Policy-related proposals or project topics shared by CLAC members for consideration by LAAC should have the support of the recommending state and territory’s representative to COSCA.

**Professional Development Working Group**

9.1 A Professional Development Working Group will be established to work with the CLAC Liaisons in implementing CLAC’s annual professional development program, including organizing, and setting the agendas for, the annual conference and for the regional groups’ conference calls, and in organizing all professional development activities, in consultation with the LAAC and NCSC.

9.2 The CLAC Liaisons shall determine which of them shall lead the PDWG. If they cannot agree, the LAAC will assign this responsibility.

9.3 The CLAC member representing the host state or territory for an upcoming annual conference will serve on the PDWG during the year immediately preceding the conference which they are hosting.

9.4 Each Regional Group will select one (1) representative to serve on the PDWG.
All members of the PDWG, except the host state or territory representative, will serve for one year terms, renewable for a total of three (3) years.

Annual Conference of CLAC

10.1 In collaboration with LAAC and NCSC, the CLAC shall hold a conference for its full membership, on an annual basis if possible, to further the professional development of its members and to exchange information regarding current research, trends, and practices related to court interpreting and best practices on the provision of court interpreting and other language access services. CLAC members shall be provided notice, and a proposed conference agenda, at least ninety (90) days in advance of the scheduled meeting date.

10.2 In addition to CLAC members, the states and territories may choose to send additional attendees to the annual conference of the CLAC. The states and territories are responsible for paying the full cost of attendance for everyone they send.

10.3 The CLAC liaisons, in consultation with the NCSC and the Professional Development Working Group, shall set the registration fees for attending the annual conference, and may consider a differentiated fee structure such as those based on membership versus non-membership, timeliness of registration, full and partial registration depending on attendance options, as well as other appropriate considerations.

10.4 The CLAC liaisons, in conjunction with the Professional Development Working Group, will oversee, and are responsible for leading, the annual conference. Staffing for the annual conference will be provided by NCSC, consistent with funding provided through registration fees.

Development and Implementation of Initiatives and Projects

11.1 The LAAC shall establish Project Teams to address specific language access issues/initiatives, which may include members of CLAC as participants and/or leads, LAAC members, and others. The LAAC will appoint all members of a particular PT, including the chair. Project Teams are formed on a limited term basis to accomplish a specific task or assignment. The LAAC is encouraged to consider recommendations of the CLAC Liaisons prior to determining what projects, initiatives, or programs to pursue.

11.2 The LAAC shall appoint a Project Team lead for each team who is responsible for overseeing and/or coordinating the work of the Team, and for regularly providing updates to the LAAC. Project Team Leaders shall coordinate conference calls among Project Team members, and prepare agendas and appropriate reports regarding the work of the Project Teams, with the assistance of NCSC staff, as appropriate.
The CLAC Liaisons for the LAAC are responsible for supporting the communication between CLAC and LAAC regarding possible projects, programs, systems improvements, and/or initiatives, which might be undertaken by LAAC.

CLAC will not undertake projects unless assigned or approved by the LAAC.

The NCSC shall provide administrative support to the Project Groups by making available a conference phone line and by preparing and finalizing minutes of Project Team meetings and conference calls. Minutes shall be promptly distributed to all Project Team members.

Funding

The annual meeting of CLAC is to be funded by conference registration fees. In addition, each state and territory is responsible for paying all costs for its representative to attend the annual conference, as well as any other attendees sent by the state or territory.

Costs of the support for LAAC activities, including Project Team work assigned by LAAC, shall be funded from the language access assessments approved by CCJ/COSCA.

Transitional Council Continuation until CLAC establishment

Until the CLAC is officially established, the Transitional Council (TC) shall continue operating as an interim group consisting of the former Executive Committee of the Consortium for Language Access in the Courts and the new CLAC liaisons to the LAAC. The TC is by its nature temporary, and its purpose is to continue facilitation of communication among existing (temporary) committee members, and to review action items and to complete current Consortium projects, as appropriate, and to plan the first CLAC annual meeting.

Two temporary subcommittees, the Professional Issues Subcommittee and the Technical Subcommittee, shall continue during the existence of the Consortium for Language Access in the Courts. The Professional Issues and Technical Subcommittees will cease to exist when the Consortium is transitioned to CLAC. The work performed by those Subcommittees may continue as assigned to Project Teams, if determined by the LAAC to be appropriate.

The TC and the temporary subcommittees can continue their communication methods of holding conference calls, contributing to the existing listserv, and preparing and finalizing minutes of its teleconferences with NCSC administrative support, and will provide progress updates and action items to LAAC for review and direction until they cease to exist.
13.4 Unless and until the Consortium Agreements are no longer in effect, or until the NCSC, with the approval of LAAC, determines otherwise, CLAC members shall continue to follow existing protocol for using Oral Test Instruments and Pretest Training, and shall continue to follow the established Standards for Test Administration and procedures for securing and handling test materials.

Amendment of Operating Procedures

14.1 These Operating Procedures shall become effective upon adoption by the LAAC. The LAAC has determined that the Consortium and its governance structures shall cease to exist on January 1, 2013. At that time, the Operating Procedures shall be automatically modified to eliminate references to the TC and other Consortium Subcommittees.

14.2 Subsequent amendments to these Operating Procedures may be made by LAAC, after consultation with CLAC members. CLAC members shall be provided an opportunity to submit comments on the proposed amendments to the CLAC liaisons, for consideration by the LAAC prior to LAAC’s making a decision on the amendments.

14.3 Proposed amendments to these Operating Procedures shall be drafted by LAAC, including the CLAC Liaisons, and shall be communicated to all CLAC members, by email or other appropriate means of communication, not less than twenty (20) days prior to consideration of the proposed amendments by the LAAC. If there is no CLAC member appointed by the COSCA member for a state or territory, proposed amendments shall be sent to the state or territory’s COSCA member.

14.4 Where practicable and timing permits, proposed amendments should be communicated to CLAC members to allow for their consideration by CLAC members during a CLAC meeting. Recommendations from CLAC on proposed amendments should be communicated to LAAC by the CLAC Liaisons.

14.5 Proposed amendments to Operating Procedures shall be voted on in accordance with LAAC’s internal operating procedures.

14.6 Notwithstanding the foregoing, the LAAC may amend these Operating Procedures at any time.
